Governor Bush Dedicates "Governor's River Walk Reef" on 5/17/02.

Our Palm Beach Maritime Academy Principal, Mrs. Turchiaro, gets Governor Bush's attention to show him the Maritime Academy Middle Level FCAT test scores, which beat Palm Beach County's and the State's averages. The School scored 405 points on its FCATs, which is just 5 points short of an "A".

Click on [Governor's River Walk Reef](#) for information and pictures about the Dedication of this artificial reef, which was hosted by Palm Beach County and U.S. Customs, and held at Palm Beach Maritime Museum's Historic U.S. Coast Guard Boathouse on Peanut Island.
